24 hours is a long time to fill for radio stations watching their budgets.

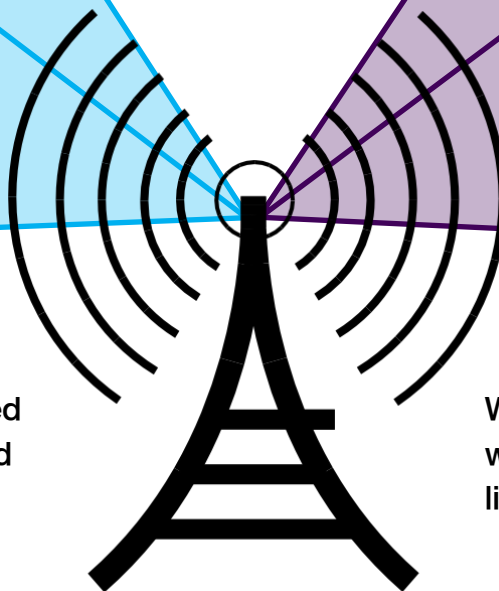

Overnights, weekends, bank holidays and sickness are a challenge for all Programme Managers no matter what size the station.

Hit Music Network offers the solution. Professional 24/7, white label, presenter led content, streamed or digitally packaged to your station.

### How Hit Music Network works...

You

**hit music network**  
the best music variety

You have access to a dedicated audio server, where you upload your adverts and your station imaging.

We supply a generic playlist with professional presenter links between them.

**Your listeners and advertisers get a radio station on air 24 hours a day, 7 days a week. Increasing listening hours, and advertising reach.**
